flat & deep bodies)

RockStand® by Warwick®

Intended Use

The guitar stand is meant to be used only to hold guitars or similar instruments, as described in this manual. All other uses not included and described in this manual are hereby prohibited. **Warwick GmbH & Co. Music Equipment KG** is not responsible for any damages caused by misuse or wrong applications of these stands.

Security Guidelines

- Keep children away from the guitar stand and do not let them play with it. The guitar stand is not a toy.
- Never use the guitar stand as a ladder or support frame for other things!
- Only place the guitar stand on a level and even surface. **Warwick GmbH & Co. Music Equipment KG** is not responsible for any personal and material damages caused by faulty assembly and misuse.
- This stand has been tested with various instrument finishes and found no problems. Still we advise caution with vintage instruments and nitrocellulose finishes. Sweat, environmental pollutants, nitrocellulose and age can create chemical reactions that cannot be tested or predicted, therefore we are not responsible for any damages to the surface finish resulting in these circumstances.

A-Frame Assembly & Use

- On the guitar stand of the RS 2080X Series fold out the legs to the stop.
- The RS 2081X Series guitar stand can be folded out into two positions. Press the button and fold out make sure the catch snaps into place in one of the 2 position holes (see picture on the right).
- Put stand on an even and straight surface
- Put the guitar down on it - verify that the instrument has a firm resting position and doesn't tilt or wobble (see picture on the right).

Maintenance and Care

This music stand does not need any special maintenance. If necessary clean it with a damp cloth. If the articulations, hinges or catches (if present) get stiff, they need to be lubricated.

WARRANTY

This item has a 2-year limited warranty. In case of a warranty claim please contact your dealer.
